Team: Sam Iskander & John Diplock from JSI International with Business Link's Clare Whitney

Western Morning News Headline

'Dartmoor Firm Upgrades its Global Exposure'

'A Dartmoor firm specializing in developing people skills is winning new clients after upgrading its website with the help from Business Link. JSI International specialises in personal, management and team development for UK & overseas businesses and has associates all over the world running team-development programmes. Business Links personal business adviser, Clare Whitney has been helping the 4 year old company look at ways of expansion using there unique selling properties & skills.....'

I referred to this initiative in my last newsletter but didn't expect to make news headlines! Thank you to

Clare for her guidance which helped us enormously in terms of developing JSI into the future and we can thoroughly recommend Business Link's services who you can find at www.blcd.co.uk

New Web site

As mentioned in the previous article, we are delighted to inform you that our New Web site is now up and running www.jsi-international.com. We are very grateful to Chris Wright from CW Computer Services and Academy Internet for all there help in designing and optimising the new site which has already proven successful with increased site visibility.

Please visit our website – www.jsi-international.com

Newsletter Spotlight

EDF

We thoroughly enjoyed our week working with EDF Energy and their staff from all over Europe; albeit there were some potentially challenging logistics to consider, it all worked amazingly well...so maybe we'll add airport/station/hotel transfers to our list of services! Seriously, if you are looking for a complex team development programme involving people from different parts of the world, we know we can help you.

Pelorus Consulting

Thank you to Jack at Pelorus Consulting for entrusting us with his well established client, Lord March and the team from Goodwood. Jacks clients had a great couple of days on Dartmoor and we look forward to the next time we work together. If you are a business consultant or trainer who feels they can benefit from the training/technical support of JSI International, please do not hesitate to give us a call. You can find Pelorus at www.pelorusconsulting.co.uk

Thanks to Toby and all the guys at Rock City Crew for entrusting us with their two day staff development initiative as part of their Investors in People programme. Rock City have 16 years experience of providing event crews around the UK and, like many organisations, have several offices in the South West; they wanted to improve the process of being able to share 'best practise' with each other. Our development programme ensured that they all got to know each other better and 'oiled the wheels' for future co-operation. If this rings any bells with your organisation please give us a call!

Dorset Fire & Rescue Service

We spent a fascinating day working with the People Services Unit from DFRS; the development programme was based at the new state-of-the-art Fire Control Centre in Taunton which is very impressive albeit politically somewhat controversial! The People Services team had a great 'fun' day with a number of indoor team challenges culminating in a huge aerial runway competition all around that part of the building. If fun challenges is what you need please give us a call; we know we can help.

A Special Mention

We have been fortunate enough to work with many clients who often require good quality hotel accommodation on Dartmoor. We would like to say a big 'Thank You' to Jane Waters and the team at the Two Bridges Hotel who not only provide excellent food and accommodation but who are also a joy to work with; nothing is ever too difficult and they are all totally professional and efficient. So if you are looking for good quality hotel accommodation that promises a warm welcome (well they are part of the Warm Welcome Group of Hotels!) then I am sure that Jane will be very pleased to hear from you. You can find them at www.twobridges.co.uk

I cannot believe how quickly time has passed since my last newsletter and as always, please feel comfortable approaching us to discuss any training ideas you may have; we welcome enquiries, without obligation, from any organisation large or small and always try to help. I look forward to hearing from you.
